

## JOB DESCRIPTION: SENIOR CIVIL DESIGNER - NORTHLAND

### JOB DETAILS:

REFERENCE #JD2306

LOCATION Whangārei

EXPERTISE Civil Design

WORK TYPE Permanent / Fulltime

### JOB DESCRIPTION

- The chance to work with a diverse, high performing team of professionals
- Dynamic company with top-tier clients and projects
- Genuinely great team environment and positive culture

We are looking for an experienced professional engineer to join our Design team, providing support to the team and wider business. Predominantly covering Northland, you will be working on projects such as roading design, facilities, parks, recreation facilities and subdivisions.

Our Whangārei office is in the centre of town, short walking distance to all amenities.

### ABOUT THE ROLE

Our reputation and track-record of proven results mean Stellar attracts some great work from notable clients - we need to expand our Design team to support the growth. This role will expand capacity and wider skillset.

Some responsibilities of the role will include:

- Support our project design team with the design and delivery of road safety and infrastructure projects.
- Project support for deliverables such as proposal preparation, job tasks, work planning and financial management requirements.
- Work with the team to provide practical designs to complement our reputation for providing agile and forward-thinking solutions.
- The ability to work with diverse teams and skills who will truly be an asset to the Stellar Projects brand.
- Ability to lead design work in the civil and infrastructure design areas.

### ABOUT YOU

- You have a at least five years' experience in the engineering industry.
- You have a demonstrated ability to use relevant software with a strong understanding of AutoCAD Civil 3D.
- You have relevant New Zealand experience in the design. For example, roadway design, earthworks, storm water, wastewater, water supply and land development.
- You have gained a tertiary degree or higher in a relevant discipline, such as civil engineering.

- You have recognised qualifications and affiliations such as Chartered Engineer or are actively working towards them.
- You are a strong communicator and are effective in establishing meaningful professional relationships.
- You like to be organised and pay attention to detail – remaining mindful of the bigger picture.
- You can operate autonomously but are also a great collaborator.
- You have a willingness and ability to share knowledge and help develop others.
- You value being a part of a team that supports each other, and you take pride in the work you do.

### WHY STELLAR PROJECTS?

After being founded in 2013, we have grown to over 90 staff in a relatively short space of time. Our success is largely due to the high calibre of personnel we attract and retain, with specialists in a wide range of services.

We understand the importance of providing a great experience for our stakeholders - both internal and external. Professionally fulfilled employees with job satisfaction translates to a thriving business – our people are our success, and we want to nurture that.

We offer a competitive salary with flexible working arrangements. Our employees are covered by a life insurance scheme, there is an employee-share programme, and we facilitate professional memberships and active support of career development. In addition to the 'little things' – such as fresh fruit, beverages, and regular morning teas – we have an employee assistance program and an empathetic approach to individual needs.

We believe it is the intangible things which stand us apart. Our team genuinely enjoys working together, and our office vibe is a relaxed and warm professional environment. Our regular social events – such as trips inter-region, snow trips, family picnics, triathlon events, quiz nights and others – go towards fostering great working relationships.

If you are looking for a company that wants their people to thrive, then Stellar Projects may be the right place for you.

### IF YOU ARE INTERESTED:

Please submit your CV and a cover letter which outlines the reason for your interest in this position and indicating the match of your skills and experience to our job requirements (or if you have any questions about the role or Stellar Projects) to [careers@stellarprojects.co.nz](mailto:careers@stellarprojects.co.nz).
